The owner of the Apocalypse War Games site attended the meeting to speak regarding his business. He stated that a planning application was currently with Maidstone Borough Council and he spoke regarding this, the history of the site and how he wished to see this business develop.

The Chairman informed the resident that after considering the application, the Parish Council had submitted an objection to the Borough Council.

This was discussed by all present.

A resident attended the meeting and spoke of her disappointment at the Parish Councils decision to withdraw its objections to the schools at Popes Wood. She stated that given the number of residents who were opposed to this application, she felt that the Parish Council should have supported its residents.

She stated that the application was considered by the Maidstone Borough Council Planning Committee on 25th April, with a recommendation from Planning Officers to withdraw the application

until after the elections, however this was approved by the Planning Committee, she stated that there was high anger at the MBC meeting.

Cllr Smith stated that the report in the local press was not completely reflective of the Parish Councils views. He stated that the Parish Council was concerned regarding the access and objections regarding this had been submitted to the Borough Council. When the application was revised and the access changed, the Parish Council no longer had a valid objection and therefore had no option but to withdraw this.

Cllr Horne spoke regarding the procedure followed by the Borough Council with regards to this meeting and stated that it was unfortunate that a note had been released prior to the meeting stating that it should be deferred and not heard until after the elections, but the Committee went on to determine the application anyway .

Cllr Smith stated that on many occasions parents had attended Parish Council meetings because they couldn't get their children into a local school. He stated the Parish Council had to balance this with the fact that KCC was trying to build another school, there is a lot of development in the area and school places were needed.

The Chairman confirmed that the Parish Council had reluctantly withdrawn its objections as they were no longer valid due to the access being changed.

The Chairman welcomed Reverend Paul Kite, Vicar in charge St Marys Church to the meeting and invited him to give members an update on the Church.

Reverend Paul Kite spoke regarding the progress of St Marys Church and stated he would answer any questions that the PC may have.

Cllr Smith thanked the Reverend for attending the meeting, he stated that the Parish Council took an interest in the Church and was very concerned at the threat of its closure. He stated that the Parish Council had worked with the Archdeacon and a small group to try to promote the church for other purposes, the group has met a few times and several concerts had been held at there.

Reverend Kite stated that he intended to arrange a meeting with the group and the Trustees to have conversations regarding the church, he said that with the merging of Thurnham and Detling Churches, St Mary's Church now had his own PCC again.

He confirmed that there were no plans to close St Marys Church, and in the future at a weekly service would take place whilst Detling Church had maintenance undertaken.

He stated that parking was an issue and possible solutions were being investigated.

Cllr Smith asked about congregation numbers and it was confirmed that there was generally ten per service.

Reverend Kite stated that he was looking at how this could be improved in the future. He confirmed that St Marys was self-sufficient and bringing Thurnham and Detling congregations together would increase the numbers to between thirty and fifty.

He reported that maintenance to the roof was needed on St Marys Church and the finance for this would be looked as a priority along with parking.

Reverend Kite confirmed that St Marys had now become a Chapel of Ease and legally it could no longer hold weddings, however it had been agreed that this would be addressed, and a Bishops Order would be obtained to enable weddings to take place in the future.
